WORK EXPERIENCE

Marketing Staff | Dueksam Inc. | 2018-2021

Collaborated with marketing teams to execute successful campaigns, contributing to increased brand visibility and customer engagement

Frontend Developer | Blendit Company 2021 to Present

Developed and launched interactive web applications, driving positive user feedback and improving website traffic and engagement

Developing projects, ensuring successful launches and fostering long-term partnerships with clients

Collaborated with cross-functional teams to optimize website performance

Implemented responsive design practices, creating visually appealing websites accessible across all devices

EDUCATION

Holy Name University

Bachelor of Science in Information Technology

October 2018

ADDITIONAL INFORMATION

Ability to work efficiently in a fast-paced, collaborative environment

A creative eye for design and a deep understanding of user experience principles

Strong problem-solving skills with a keen attention to detail

Enthusiastic about staying up-to-date with the latest industry trends and best practices

Enabling effective communication with international teams and clients

PREVIOUS PROJECT

Customer Inquiry System

Developed a dynamic monitoring system for Dueksam Inc. to efficiently track and manage customer inquiries and feedback. Utilizing a tech stack that includes HTML, CSS, Bootstrap JavaScript, PHP, MySQL, and XAMPP, the system enhances customer support and facilitates seamless communication between customers and the company

Financial services websites

Created two user-friendly online loan websites, catering to Spanish and Estonian customers. Both websites were built using WordPress, PHP, Bootstrap, HTML, CSS JavaScript, and jQuery. The websites provide a secure and convenient platform for customers to explore loan options, apply, and manage their accounts effectively. Emphasis was placed on responsive design and intuitive navigation to optimize the user experience
